STATE OF MAINE.

LAND OFFICE,
BANGOR, May , 1854.

IN the discharge of my duty as "Agent to superintend and manage the sale and settlement of the Public Lands" of the State, the following notice is hereby given of the

Terms and Conditions of Sale:

In the Revised Statutes of Maine, Chapter 5 may be found all the provisions of law in relation to

The Sale of Lands for Settlement.

Sec. 23. Out of townships located and designated for settlement, the Land Agent shall, from time to time, select, not exceeding ten in a year ... offered for sale in lots for settlement; and publish a list of them and of the townships offered for sale and settlement in former years, in which lands still remain for sale, in some paper in each county in the State in which any paper is published, once a week for three months, within six months after the selection is so made, with the substance of so much of this chapter as relates to the terms and conditions of the sale and settlement of such lands.

Sec. 24. In townships so selected, in which suitable roads have not been located, the Land Agent shall cause such roads to be located as the public interest and the accommodation of the future settlement require.

Sec. 25. The price of the settling lots shall be fifty cents per acre, for which the purchaser shall give three notes, payable in one, two and three years, in labor on the roads in said township, under the direction of the Land Agent. The Land Agent shall thereupon give him a certificate, stating that he has become a purchaser of the lot or lots therein described, and that he will be entitled to a deed thereof, when he complies with the requirements of law. The certificate of the person appointed by the Land Agent to superintend the laying out of the labor on the roads shall be evidence of the payment of the notes.—Only one lot, not exceeding two hundred acres, shall be granted to the same person.

Sec. 26. Beside the payment of the notes, each such purchaser shall be required, within two years from the date of his certificate, to establish his residence on his lot, and within four years from such date to clear, on each lot, not less than fifteen acres, ten at least of which shall be well laid down to grass; and to build a comfortable dwelling house on it.

Sec. 27. If the purchaser fails to perform any of the duties required of him, or to pay his notes, he forfeits all right to the land, and the Land Agent may dispose of it to another person.

Sec. 28. The Land Agent shall appoint some suitable person or persons in the vicinity to superintend the location of settlers, the payment of their road labor, and the performance of their settling duties.

Sec. 29. Whoever purchases a lot of wild land of the State, not exceeding one hundred and sixty acres, and complies with the condition of purchase, may hold it with the improvements thereof free from attachment and levy on execution, while he remains in actual possession thereof. The value so exempted shall not exceed one thousand dollars, to be set off to the owner in such portions of the lot as he directs, by the appraisers appointed to levy an execution, the same as real estate is set off and appraised on execution.

Sec. 30. On the decease of such purchaser, said lot and the improvements shall descend to his children, subject to his widow's right of dower, and shall not be liable to be sold for the payment of his debts, except in case his other property is not sufficient for the payment thereof; and in that case, his children shall have the benefit of the exemption and improvement thereof, subject to the widow's dower, until the youngest surviving child attains the age of eighteen years. The remainder of the estate, after the life estate of the widow and after the youngest surviving child attains said age, may be sold as other estates of deceased persons for the payment of such debts as the other estate of the deceased is not sufficient to pay. If he dies without issue, such lot shall descend and be disposed of as any other property.

Sec. 31. No such purchaser, having a wife, shall convey his said lot by deed, unless his wife joins therein, and acknowledges it to be her free act and deed, before a proper magistrate.

Sec. 32. The Land Agent may sell at public or private sale, at such price as he considers fair and for the interest of the State all tracts of land owned by the State on islands or in incorporated towns.

Under the provisions of this law, there have been already located and designated for settlement, and by former Land Agents selected and advertised for sale, the following townships, viz:

Township.	Acres unsold.	Township.	Acres unsold.
11, R. 3,	16,747	9, R. 4,	21,312
11, R. 1,	19,862	16, R. 4,	22,600
17, R. 1,	22,640	2, R. 5,	21,117
18, R. 1,	6,409	4, R. 6,	8,474
16, R. 2,	21,760	6, R. 6,	2,635
F, R. 2,	14,0[illegible]	8, R. 6,	13,693
11, R. 2,	19,510	10, R. 6,	16,717
11, R. 7,	3,157	11, R. 6,	9,206
1, R. 2,	23,010	5, R. 8,	14,138
12, R. 3,	18,507	11, R. 8,	11,428
15, R. 3,	23,0[illegible]	11, R. [illegible]	2,480
4, R. 4,	21,1[illegible]	12, R. [illegible]	1,418

In addition to the foregoing there were located and designated for settlement, by a Resolve of the last Legislature, the following townships, viz:—Letter C., R. 1; L. and M., R. 2; East half of 2, R. 5; and 5, R. 3; all west from the east line of the State.

These townships will be lotted and ready for the market, as fast as the future wants of settlers shall require. The field notes and plans of all the townships which have been lotted for settlement, are in the Land Office, open for inspection, where all information within the means of the Agent, to secure to individuals and companies the benefits and privileges intended by the Legislature for actual settlers, will be cheerfully given.

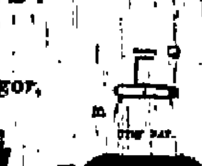
Cunningham's Lightning Rods.



The only Patent which affords absolute Protection against Lightning, as demonstrated by science and experience.

This Rod has been extensively used throughout the Southern & Western States, West Indies and the Canadas, since 1841, and though it has been struck hundreds of instances, has never failed to protect.

The great amount of damage done recently by lightning has called attention, as it should, to the protection of buildings by the use of Lightning Conductors. It is all important that the rod used should be one that will give protection, and in rodding buildings it should be done by one having experience in the business.

Mr. Reed (former partner of J. P. M. Kimball, now proprietor of the patent for ... Co.) has returned to this city to commence business for the coming season. Having had large experience, he assures the public that all his work of this kind will be done in a thorough, neat, and scientific manner.

Samples of this Rod, and certificates of its merits from many of the most eminently scientific men in the country, may be seen at D. M. HOWARD'S Store, in Exchange street, No. 15; and at Dodge's Hotel, Harlow st., and at the office of the Penobscot Mutual Fire Insurance Co., Granite Block, East Market Square, Bangor.

P. S. Our extensive engagements in the Exhibition business have led many to suppose we furnished the Fire Works to the City of Boston last year (1857) when the unfortunate and fatal accident took place on the exhibition ground.

In justice to ourselves, and in answer to enquiries, we will state that although we supplied the city of Boston for a number of years, and have contracted for the same the present year we did NOT supply them last year, the contract for 1857 having been given to other parties.

Safety, Utility and Beauty.

New Eng and Trace Coupling Company.

STATE RIGHTS FOR SALE.

WE are now exhibiting this desirable Invention to the public. The Patent Trace Coupling is an article which needs only to be seen to be appreciated and universally adopted. By this Coupling the Trace is attached to the whiffletree and instantly, without using the hands; cannot be disconnected by accident; is stronger and more durable than any other attachment now in use, and makes what is so desirable in a fine carriage an excellent finish.

The Couplings are manufactured of different materials from the common metal to the finest silver plate, and can be supplied at a lower cost than any thing that is now used for that purpose, leaving a margin for an immense profit. Any person with a moderate capital can soon realize a fortune in its sale.

We are prepared to furnish the Couplings, of the different grades and costs, in quantities as desired, to those only who purchase state rights.

The Coupling may be seen at the office of the Company, where a scale of prices may be obtained, and all communications must be addressed to "THE NEW ENGLAND TRACE COUPLING COMPANY," Basement No. 3, Old State House, Boston.

PATENTS secured in the United States, and in all other patent granting countries. Specifications and drawings prepared. Caveats filed. Reconsiderations procured, of applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Re-issues and extensions procured, and in general, all business connected with the Patent Office transacted with care and promptness.

British and other foreign patents procured thro' prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials:—

From the Hon. Charles Mason, Commissioner of Patents.

U. S. PATENT OFFICE, Feb. 23, 1855.

I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq. of Boston, has been employed as Examiner, and has been in that capacity in constant correspondence ... intercourse with the Office, he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the office, a close attention to the interests of his clients, and a marked ... that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this office with whom I am acquainted.

CHARLES MASON, Commissioner.

From the Examiners of the Patent Office.

The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, as a principal Examiner in the Office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments ... eminently fit him for the business in which he is about to engage.

Republican Nomination.

FOR GOVERNOR,

LOT M. MORRILL.

CONGRESSIONAL CONVENTION.

Sixth Congressional District.

The Republicans of the Sixth Congressional District will meet in Convention, at Gardiner, on FRIDAY, the 16th day of July next, at ten o'clock A. M., for the purpose of nominating a candidate for Representative to the next Congress, from said District.

Each city, town and plantation will be entitled to one delegate and one additional delegate for every fifty votes thrown for the Republican candidate for Governor in 1857.

W. D. PATTEN,
JOSEPH B. HALL,
GEO. M. DYER,
SAMUEL WASSON,
JOHN L. MOORE,
Congressional Com., of Cals.

June 23, 1858.

The Republican Nomination in the Fifth Congressional District.

The Skowhegan Clarion of the 7th inst., in reply to a correspondent, who inquires about the arrangement which was made by the District Convention in 1856, as to apportionment of candidates, recites that agreement, (by which the nomination this year was to go to the Somerset towns,) and then proceeds to say:

"In view of this arrangement and of the principles which should govern parties, as well as individuals, we do not see how Mr. Washburn can honorably consent to be a candidate for the nomination."

And the editor further remarks, that "he shall be slow to believe that he (Mr. W.) will suffer his name to be used."

We think further consideration will convince our friend of the C. enough, that Mr. Washburn neither occupies nor intends to occupy any dishonorable position in regard to the pending nomination. We have no doubt to not intention, and we know that Mr Washburn has done, to resist the fulfilment of the agreement of 1856. It was made in good faith, and should be maintained in good faith. That agreement gave the nomination for 1858 to the Somerset towns; but does it require that Mr. Washburn should say to the people of those towns, "I will not be your candidate under any circumstances?" "You must not re-nominate me,—for I will not serve the District in another term?" Personally, Mr. Washburn would be in a less embarrassing position if he should make that declaration—but it would be against the wishes of a large portion of the Republicans of the District, who, in behalf of itterest wishes Mr. Washburn to represent the district again, he shall not refuse to do so. He has consequently taken a position which we conceive to be entirely incredible. He leaves the whole matter in the hands of the people of Somerset.

The agreement of 1856 was made—and since it was made we will be the last to advocate its violation. But we believe that if the nomination is left entirely to the people of Somerset three, and unframmelled, to choose whoever they may come from the whole district, that agreement will have been carried out in good faith. If they wish that the candidate shall specially represent and be taken from the Somerset portion of the District, he shall so do, cite, we have nothing to say, except that we will cheerfully support the candidate. But they may desire, as all portions throughout the District and the State do desire—(and we say it without derogation from the abilities of any gentleman in Somerset,) they may desire, we say, to retain the advantage and the strength which the great experience and acknowledged talents of Mr. Washburn have confe red upon this District and the State, in its Congressional representation. And in this view of the case, we hold that Mr. W. would not be acting in the line of his duty if he should absolutely refuse to be a candidate under any circumstances. That he will not be a candidate *against* the wishes of the people of Somerset we may safely say.

In regard to this nomination, we consider the whole of this district the field for the question. Mr. Washburn has no claim—no more in any section has any claim to the nomination. The question, and the only question, is, "What will be for the best interest of the District, of the State, and of the Republican cause?"—in the view of the people of Somerset, for to them we have agreed to leave the decision. No interested has a right to stepin and say "My claims to a seat in Congress are paramount to all this."

The Clarion refers to the declination of Mr. Wood in the First District, and to an article in the Portland Advertiser, urging the importance of fulfilling agreements, either verbally exp ressed or otherwise. We agree entirely with the Advertiser in its comments made upon that occasion. And we believe the following remark which we quote from it is equally as applicable to this District as to that:

"There is (says the Advertiser) a very general acquiescence in the arrangement which carries the nomination to York this year,—and no one yields more heartily to this than the present representative."

The Advertiser does not say, nor we think will not say, that the York towns should be absolutely precluded from selecting a candidate from any other part of the District. This would be preposterous for it would be denying to the Convention what is undoubted right both legal and moral of any and every district. As to the declination of Mr. Wood, if I serves anything in this case, it proves too much for the argument of our Somerset brethren very far, if we remember rightly, the reasons assigned in the public prints, for that declination, was that Mr. Wood's friends demanded his exclusive attention. We have also been assured that Mr. Wood declined the use of his name to the York convention only, simply on account of an agreement which *grew out* of a convention *to York*.

We consider, that the Mr. Wood's declination has no bearing whatever upon Mr. Washburn's duties—nor, as a dedu ction from the who e argument do we think that "reason" requires Mr. Washburn to decline.

BIRTH CONGRESSIONAL DISTRICT.—Lot Fredbury was nominated for Congress, at the Democratic Convention held at Columbia on the 7th. The nomination was go nerally acceptable, and it is in accordance with the programme arranged for Maine by the administration and its office holders. Mr. Thomas J. D. Fuller recent y left his comfortable berth at Washington and came to Maine, to bring about this result. The people however, will overturn all these arrangements, and send a good Republican back to Congress. Bion will undoubtedly make any quantity of anti-Lecompton professions. That is what he was nominated for, and what he is expected to do. But the people can't be humbugged in that way. A man can't get Republican votes who stands upon any Democratic platform, or while he adheres to the sham democratic party. He may talk "anti-Lecompton" as much as he pleases, but he cannot have the confidence of the people, till he repudiates the party.

TIMES LIST OF DELEGATES. The Augusta Age is enquiring for the list of delegates to the Democratic State convention. It says:

"We have made all good search for it, with a solid to its publication, and are compelled to say that the most unceremonious return of non est mentitur."

It is true, this is not an uncommon return of the calls of Democratic State Conventions. The list of delegates for last year was never published, nor that of the year before, we believe. At this year, heavy reports were made of the number of celegates, but the names were never seen. If the list for it is year is not soon forthcoming, people will become suspicious that the men, as well as the numbers were non est inventus at the Convention.

TRYING TO SNAP A BALLOON ACROSS THE OCEAN. In consequence of the accident which happened to the "U. S. America" balloon at Boston on Monday, last portion of the programme which proposed the ascension of a balloon without a guide, by any controlling power, did not be possible until Tuesday afternoon, when a new and splendid balloon called the "Ganymede," was used as a substitute.

Mr. Wise believed that favorably circumstanced and assisted, the balloon voyager might, and perhaps would, cross the Atlantic and descend in our native country!

The last mad was a large gutta percha sack filled with water and weighing about two hundred pounds. By means of a faucet attache to the sack the water will gradually leak out during the voyage, thus enabling the balloon to keep a high altitude, barring winds and accidents. After going about half a mile the balloon took a south-easterly direction, but the gas after ascending to the height of a mile, took a north-east course, which threw it until lost sight of in obscurity. Subsequently, it was stated that the balloon came down in the harbor.

Mr. John Wright, of Lowell, agent of the Suffolk mills, while walking in Austin street, near his residence in that city, Monday evening, was fired a ball in his abdomen, apparently discharged from a pistol. The ball entered on side of the abdomen in front, and passed out on the other side of the fleshy portion of the body on the right, without touching any of the internal organs. Had any of these organs been interfered with by the missile, death would probably have ensued.

Point case.—The Iowa State Democratic Convention met last week. They nominated a half-and-half ticket—but split badly on the platform. A resolution expressing Buchanan and Lecompton was rejected by a vote of 158 to 101, whereupon the Buchanan minority withdrew and organized another convention, when they passed resolutions to their heart's content.

The Hallowell (C. W.) Spectator, learns "on the best authority," that the Leviathan will run to Portland, in conjunction with the Grand Trunk Railway, six years and that the Victoria Bridge, at Montreal, is to be proceeded with immediately.

Steamship Africa arrived at New York yesterday, but brings no news of importance. Nothing from the telegraph fleet.

THE WRECK OF THE LAURA FRANCIS, of Rockland, mentioned yesterday, is stated by the Boston Advertiser to have been accompanied by the loss of three of her crew, Edw. Cobb Alpheus D. Jones and a Scotchman. When the lifeboat capsized the Scotchman was washed from the deck. The others got out of the cabin and Capt. Bullock and mate the small boat, and in the three towed ashore, but the sea was so rough as to almost the boat and break the painter. It was righted and he men got into it, although it was nearly full of water. Cobb and Duncan became exhausted and died before morning, but Capt. B. held on and picked up.

As the cars train on Monday evening was leaving Lawrence, a man who wished to save a seat from the cars jumped from the cars and rolled and tumbled for a fearful rate. The wheels sounded, his breaks were applied, the train backed to pick up the unfortunate, when the man was found sitting upon the track, as much as frost to, but observing all, and the first to say, "Let us go on." The man passed on and attempts were rendered unavailing.—Back Oxford

LOCAL AND MAINE NEWS.

The city schools close this week (10th,) for the summer vacation, which will continue about seven weeks.

CIRCUS AT SKOWHEGAN. The Circus company of Messrs. Torrobridge & Whitby are now visiting the Kennebec towns. Instead of travelling by land with great carts and monster draft horses, they have a steamboat fitted up for the especial convenience of the company, and will consequently visit only towns on navigable waters.

ACCIDENT. On Friday afternoon last, Capt. Nehemiah Hill, of Biddeford, was thrown from his wagon and injured quite severely.

POLICE COURT, July 8.—Thomas S. Coulstone, for stealing shawl rooms belonging to Joseph Bryant, was sentenced to a fine of $20 and costs, and for want of means to settle the same he was committed to jail.

ROBBERY.—The sch. Gen Kleber, lying in the Kenduskeag stream, was entered on the 8th inst., the Captain's chest broken open, and his watch and money stolen. No arrests yet.

ACCIDENT.—A Mr. Cleary, of Hampden, was badly injured in one of his ankles, by the bursting of a swivel, on the 5th.

ACCIDENT AT FRANKFORT. A correspondent at Frankfort informs us that Captain Jacob Carleton, of that place, was severely injured yesterday. He had cut on to the wharf, when his spell took right, and threw him from his carriage, breaking one leg badly, and severely injuring his shoulder. Dr. Charles Abbott was called, and we are happy to learn that Captain Carleton was this morning as comfortable as could be expected.—*Union of Thursday.*

LOBSTER IN ELLSWORTH. On Saturday last, as a man whose name we do not learn, was walking with two ladies, about five miles from Ellsworth village, he was assaulted by a Mr. Sargent and knocked down three times, when the assaulted person drew a knife and stabbed Sargent so severely that he died of his wounds this morning, (8th.) An inquest is to be held.—*Times.*

RELIGION. The Saco Democrat says that twenty-five persons were received into the Congregational Church on last place, under the care of Rev. Francis B. Wheeler, on the first Sabbath of the present month, making one hundred and four that have been added to that church since last April.

DEATHS FROM YELLOW FEVER. The yellow fever is very prevalent, at present, in Havana and other West India ports. By late arrivals we have intelligence of the deaths, from this disease, of the wife and only child of Capt. Charles N. Bates, of this city, who died in the hospital at Havana, after a sickness of only four days. Capt. Bates, for many years, a citizen of this city, master of the big Bonanza, of Portland, also fell a victim to the ravages, at Matanzas, on the 14th ult. He leaves a wife in Portland, and a large circle of friends and relations to mourn his loss.—*Maine Farmer.*

COMMENCEMENT AT BOWDOIN.—The following are the appointments for the coming Commencement at Bowdoin College, Brunswick:

Discussions—Jonathan P Cilley, Epping, N H; George B Towle, Saco.

Dissertations—Rufus W Dearing, Portland; Charles P Loring, Dexville.

The Celebration at West Frankfort.

The following report of the celebration at Cutter's Corner was received after we had prepared the notice in yesterday's paper:

Under the direction of Capt. Chas. Thompson, Chief Marshal and President of the day, a procession of Sabbath School children and citizens of the place and vicinity marched to a neighboring grove, escorted by a well-trained corps of soldiers in command of Capt. Clements, accompanied with martial music.

At 10 o'clock the regular exercises in the grove commenced in the following order:

Music by the choir; prayer by the Rev. Elder Ritchie; reading of the Declaration of Independence by Mr. Swan; music by the choir.

Oration by Hon. T. Hamlin Cushing of Frankfort. His subject was "The True Dignity of Patriotism." Mr. Cushing, who is one of the "rising men of the day," treated his subject in a masterly and eloquent style. His manner was at once engaging and impressive—he ding his and ence of 1200 people for more than an hour in listening to it once.

The procession then reformed and marched to the tables—which, meanwhile, had been groaning under the bountiful supply provided by the generous citizens.

The toasts were read by Elijah Ritchie, Toast Master, interspersed with music from the band and the choir of the assembly.

Remarks were made by Mr. Hall, Mr. Ritchie and T. B. Wood, Vice Presidents of the day and by E. A. Lindley Esq., and Chas. Hamlin of Hampden, and others.

The assembly dispersed at a late hour in the afternoon, much pleased with the occasion. The exercises of the day were enlivened by a procession of "Antiques and Horribles," which paraded on the grounds.

Yours truly, PHENOMENON.

ARRIVAL. Charles Davis, whose elopement was noticed in our last, was lodged in jail in this place last Tuesday, having been arrested in Calais. The property he stole has not been recovered. It was ascertained by T. Cole, Esq. on Wednesday, suc. is required to give bail to the amount of $200 for his appearance at the October term of court. Failing to procure bail, he was committed. He is now a companion of those whom but recently he guarded, as they should escape, and is now subjected to the guardianship of his successor, who will take good care that he does not again rank himself scarce.—*Machias Republican.*

PIRACY. We learn by a gentleman from the Northern part of New Hampshire that on the nights of Wednesday and Thursday last, a slight frost was experienced.—*State of Maine.*

We learn from the Newcastle Democrat that Rev. Enoch K. Kingsbury, formerly pastor of the Baptist Church in Damariscotta, now a resident of Galesburg, Illinois, is visiting his friends in Maine. On Sunday evening last he delivered a lecture to the people of his old Society, upon affairs in the West.

Mrs. Snow, an old lady 88 years of age, the mother of Capt. Samuel Snow, of Lath, fell down stairs in the house of the late Gen. McLellan on Monday last, and broke her collar bone.

BEAR GAUGHT BY A WOMAN.—Two gentlemen, accompanied by a lady, left the Alpine House, at Gorham, one day this week, for the purpose of fishing in the vicinity. While they gentlemen were engaged in their avocations, the lady strolled away towards the Glen. In her rambles she discovered a bear cub, which she secured and took to the Alpine House, where it will be added to Hitchcock's Menagerie.—*Argus.*

AN INTERESTING VISIT. About seventy of the Reform School lads, in a uniform dress, visited the city on the morning of the 5th, and called upon the resident trustee, Jose, C. Noyes, Esq., who received them with his usual warm-heartedness, gave them a collection, and made them quite happy for the time being.—*Portland Adv.*

A STONE-HEARTED LITTLE FELLOW. The Portland Advertiser tells the following

As Mr. P. S. Clark was going down Park street, about four o'clock Tuesday morning, he saw a boy about five years old, sitting on some steps, and inquired why he was out so early. The little fellow said he had been there all night. That he came into town on the 5th with his father, from Gray, and stopped at "Uncle John and Aunt Jane's." Soon after, they let him go out with another boy to see the cars and the pen; that he got separated from his companion—did not see the fireworks, but when it was dark he sat down upon these steps, pulled his cap down over his face as far as he could, and staid all night. He was taken to the Marshal's office, and we learn that his father, whose night had been a sleepless one, soon after found the wanderer.

Hon. Anson Burlingame will deliver an oration before one of the collegiate societies at Brunswick, during the first week in August.

FIRES.—Considerable damage was done by fires during the severe wind of Wednesday and Thursday. Several farmers had their grain crops injured, and in some cases entirely destroyed. In letter I, on Thursday, Mr. Thibodeau lost house, barn, provisions, clothing, &c., leaving his family homeless and destitute. A neighbor, whose name we do not learn, was trying to help Mr. Thibodeau, when the fire caught in his own house and barn and destroyed them also.—*Aroostook Pioneer.*

FIRE IN BANGOR.—J. E. Shorey, F. M. at Bancroft, informs us that the barn of Mr. Andrew Collins, of that town, together with its contents, consisting of four tons of hay, two plows, and other farming implements, three single horse harnesses, and two setters were consumed by fire on the 22d June. It is supposed that the barn took fire from an old pipe, in which a small boy was smoking paper.—Mrs. Collins, who was in the last stages of consumption, had to be removed from the house, as it was in close proximity to the barn; but the house was saved. Loss, three hundred and fifty dollars. No insurance.—*Aroostook Pioneer.*

STORE BREAKING.—The store of Long & Drew, Port Fairfield, we entered a short time ago, and a valuable watch and a small amount of money stolen. The thief, a young Frenchman named Violette, was arrested, but escaped from the officer and ran to the woods. He has since been re-captured, and taken to Houlton jail.—*Pioneer.*

The remains of James Monroe, fifth President of the United States, which have been twenty-seven years in the Second street Cemetery in New York, were disinterred on the 2d inst., with appropriate and impressive ceremonies, and on the following day were surrendered to the keeping of a committee of the Virginia Legislature who were charged to bear them to the statesman's native State, Virginia, for re-interment in Richmond. Virginia thus does tardy justice to one of her distinguished sons by reclaiming his ashes, while New York loses one of its attractions for those who loved to feel that so honest a man was at least among their dead. On board the Jamestown steamer, Hon. John Cochrane, on behalf of the municipality, addressed the Virginia committee as follows:

It is now more than thirty years since a venerable stranger arrived in the city of New York. The storms of State had beat his brow. Released from the burden of official responsibilities, which he had never shunned, he sought in the scenes of tranquility, he craved so much. From this retreat he heroically contemplated the eventful vicissitudes of the world he had left, but never regretted its honors or pitied its applause. A confidential circle sprung at his approach, kindred hearts cherished him, and the close of his life gently declined, amid troops of friends, to the music of household associations. All revered him; countering steps quickened at his appearance; the citizen paused in the way and the stranger in the gate, to look where passed James Monroe. It is thought by our city an honor thus to have sheltered the gathering years of one who had been the fifth President of the United States. A short time, however, passed, and the familiar form was seen no more. As if commissioned on the anniversary of our country's independence to bear a nation's gratitude to the Presence on High, his spirit burst its shackles in that jubilee of freedom! He was mourned as only the good are mourned. He has never been forgotten.

THE HOT WEATHER AND THE BEATEN OF RUNNING.—The following remarks which we copy from the Philadelphia Journal, are as applicable to this meridian as to that of Philadelphia:

We have a word to whisper in the ears of our drivers of horses and mules during these sweltering days. We would not speak of in any spirit of faultfinding or cicatation, but in a simple, honest, earnest pity for the poor dumb brutes, who do our work for us, in all seasons, patiently and faithfully, but who have no tongues to tell us when they are sick, or weak or over-worked, nor to appeal to us against our abuse or cruelty. None of us know, because the silent submissive sufferer cannot tell us, how often we drive him beyond his power when he is out of health, or beat him inhumanely about the head or flanks for some little awkwardness which he cannot avoid, or some occasional balking or sluggishness, which may arise from weariness or distress. We have seen a rough, coarse, heartless man jerk and swear at, and batter with the butt end of his whip, or with any else he could find in his passion snatch up, a poor horse, which had failed in some effort too great for its strength, or exhibited some natural sullkiness, into which it had been never bed irritated by the attrocious brutal ty of a stupid and bad-tempered driver. Scenes of this kind, which may be a most daily witnessed, are enough to make one's heart bleed. We beg those who are entrusted with the care and use of our draught animals, in this oppressive summer heat, to be forbearing and patient, and kind, towards them—to remember that they have feelings to hurt, strength to be exhausted by over work in the hot sun, but no freedom to over work when they are tired, and no speech to implore consideration for their weakness or their wants.

WARNING TO THE INTEMPERATE.—Charles Lamb tells his sad experience, as a warning to young men, in the following language:

"The waters have gone over me. But out of the black depths, could I but be heard, I would cry out to all those who have set a foot in the pathless flood. Could the youth, to whom the flavor of the first wine is delicious as the opening scenes of life, or the entering upon some newly discovered paradise, look into my desolation and be made to understand what a dreary thing it is when he shall feel himself going down a precipice with open eyes and a passive will; to see his destruction, and have no power to stop it, and yet not all the way emanating from himself; to see all godliness emptied out of him, and yet not able to forget it, even when it was otherwise; how about the prisons especially of his own will; could he see my fevered eye, feverish with the last night's drinking, and feverishly looking for to night's repetition of the folly; could he but feel the body of the death out of which I cry hourly with feeble outcry to be delivered, it were enough to make him dash the sparkling beverage to the earth, in at the pride of its mantling temptation."

RATTLESNAKE. As Mr. Isaac Hart and Mr. Edward Sumner were gunning on Blue Hill, in Milton, yesterday, Mr. Hart was attacked by a most ferocious, most venomous, most deadly rattlesnake, which fastened its poisonous fangs upon the heel of his boot, a thick India rubber one. Mr. Hart was at once disconcerted and called to his friend for assistance. By their united efforts the ugly thing was disengaged from the heel. Another spicimen serpents of the same kind was found in the vicinity and killed.—*Boston Herald, 7th.*

STRAWBERRY FESTIVAL. The ladies of the Universalist Society, of this city, met with decided success at their Strawberry Festival at City Hall, last evening. The house was crowded with ladies and gentlemen, and when the sale commenced the rush for ice creams, strawberries, &c., gave ample evidence that the Sabbath School would be benefitted by the occasion. Some very pleasant songs were sung by Messrs. Wiggin and Warren, and Miss Hodgdon, of Kenduskeag, and Miss Torrent of Bangor. Tea tables were very tastefully arranged, and the affair reflected credit upon the ladies instrumental in getting it up.

At Gardiner, on the morning of the 5th, a steam mill and a dwelling house, together with a large quantity of lumber was consumed by fire. The mill had been fully repaired and set in order for the season's work, and was only waiting for logs to arrive. The fire must have been set, and it is rumored that it was probably the work of boys, in connect on with the celebration of independence. There was a very sick child in the house, and its removal may cause its death.

P. E.

MR. FRIEND DARTON—I feel it to be my duty to bear testimony in the absence of your Pain Killer. I have used it for rising, for complaints of the stomach and bowels. I had a very severe attack a few days ago of the ague, and such a pain in my back for three days and nights that I could get no rest. I sent and got a 25 cent bottle of the "Vegetable Pain Killer." I took a little to carefully, and bathed according to directions, and one application has removed all the pain, and I am able to write to-day, though with a trembling hand. The application was made last night about 9 o'clock, and I had a sweet night's rest. I have recommended it for several years, and I have travelled a good deal, and it has given universal satisfaction where it has been used according to directions. Yours gratefully, L. PERRY CHILDS,

Pastor of Baptist Church, Troy, Ohio.

LATER FROM EUROPE.

ARRIVAL OF THE

AFRICA

AT NEW YORK.

NEW YORK, July 8.

The steamship Africa arrived at this port to-day at 1 o'clock. She brings upwards of a hundred passengers.

The Africa reports having passed, June 26, abreast Cape Land Light, steamship America, from Boston for Liverpool; 27th, passed a propeller, supposed the Edinburgh, from New York for Glasgow; July 6th, lat 42 & 63, signalized ship Western Empire.

A letter from Beyrout, Syria, mentions outrages committed by priests upon an American Missionary named Budd. The American consul at Beyrout was seeking redress.

Shocks of earthquakes continued to be felt at Naples. A tremendous hurricane had also occurred, and at Lais, fifty houses had been demolished and many people killed. Several villages had also been destroyed by a deluge of rain.

The Calcutta import market, on the 18th, has improved. Produce was dull. The money market was unchanged.

Letters from Hong Kong are of May 6th.—There was much uneasiness at Canton, and the inhabitants were deserting the city.

The export market at Shanghai was inactive—silk has declined 20 taels.

A private letter from India in the Daily News, says the people at home are too sanguine of a speedy termination of the mutiny. We have not enough force.

Mr Bright confesses his object is to abolish the Indian Empire.

The English intervention in the Cagliari affair excited great indignation in Southern Italy.

A Naples despatch of the 22d says it was reported there that Sardinia intends to persist in making a demand for the payment of an indemnity by the Neapolitan government to the sufferers by the capture and detention of the Cagliari Shah.

Jaugpore had been relieved, but was subsequently threatened by Nena Sahib.

Lucknow was threatened by 20,000 men under Begum, during Gen. Grant's absence.

Colin Campbell had crossed the Ganges.

The heat was intense. The troops at Lucknow were unhealthy, and the garrison reduced to 1,000 infantry.

Omer Laugh had crossed the Gaundee and menaced the Bombay route.

The rebels had commenced an attack upon Jungpore, and troops were hasting to its relief.

A conspiracy had been developed in the 4th native infantry, in the Punjaub, and the ringleaders hung. General skirmishes are reported.

The Rajah of Slumda, on the Hyderabad, had rebelled.

From Washington.

WASHINGTON, 8th.

It appears from the army orders just issued that the past year there have been 54 promotions, 13 resignations, 13 deaths, and 35 appointments, including those of 25 cadets to brevet 2d Lieutenants.

Commander Rolb has been ordered by the Secretary of the Navy to the Norfolk navy yard, vice Commander Ford, detached; and Commander Handy to the rendezvous at Boston, in place of Commander Wilson, detached.

The War Department is in receipt of despatches from Utah, dated June 11th. They contain nothing of special interest. The army was in good condition. According to the official orders, the troops were to march forth with, in three divisions, on as many consecutive days, to Salt Lake Valley.

Steamer Ericsson, with the New York 7th regiment of national guards on board, ran aground at 6 o'clock this morning, about 50 miles below Washington. A steamer was sent to their relief. It is expected the regiment will reach here about midnight, and visit Mount Vernon to-morrow. An invitation has been extended to the regiment to visit Baltimore.

Various Items.

PROVIDENCE, 8th.

An explosion this morning of two steam boilers at the Manchester Print Works, five miles from this city, caused the death of two persons, and so severely scalding a third as to leave no hope of his recovery. Damages to the property are estimated at $5000.

NEW YORK, July 8.

The Empire State, of the Fall River and Boston line, starts to-morrow on her first trip eastward this season. She has for the last 8 months been undergoing extensive alterations and repairs; more than $70,000 having been expended upon her. She is pronounced by naval constructors and insurance inspectors to be the strongest and staunchest boat afloat at this time. She leaves New York on Mondays, Wednesdays and Fridays.

ALBANY, July 8.

The Republican State Committee met in this city at noon to-day. A very exciting session was held until nearly 3 P. M. The debate was very warm, the struggle being between those representing the interests of that section of the party desiring the election of but one delegate from each district and those called independents, who are supposed to be adverse to the Evening Journal, and who wished two delegates. After a spirited contest the latter prevailed. On motion of DeWitt C. Littlejohn, a resolution was adopted, calling a convention of the two delegates from each district, to meet at Syracuse on the 8th Sept.

MILWAUKIE, July 8.

Sixteen buildings in Fond du Lac were destroyed by fire last night. Loss estimated at $40,000, of which $15,000 is insured. The incendiary has been arrested.

Such times as the present should cause every business man, with a family dependant upon him, to consider what the condition of those he loves, might be should he be suddenly taken away by death. All can now fully notice the uncertainty and instability of fortunes made in business. The millionaire merchant of yesterday is to-day the insolvent debtor. To guard against such reverses let every man insure his life for the benefit of his family, which insurance cannot be disturbed by his creditors. The Mutual Benefit Life Insurance Company offers security and advantages not surpassed by any institution in the country—its investments are in first bonds and mortgages on real estate worth more than double the amount loaned. One half of the Premium on Life Policies may be paid by note bearing 6 per cent. interest. Dividends are declared annually to those who have paid two Life premiums—there are no stockholders to take any of the profits which rightfully belong to those who are insured for life.

Prospectuses, statements and applications will be furnished (without charge) and all information desired will be given by the undersigned Agent.

N. B. Persons residing in any portion of the country, desirous of insuring their lives, will be supplied with all the necessary papers and with minute instructions to enable them to make applications by addressing the undersigned.
